Career and Technical Education Courses

Lincoln Learning is now offering CTE courses through their partnership with Pointful Education. All courses offer real-world learning opportunities and include:

- Career and Technical Electives
- Certification Pathways
- Many courses are available with Lincoln Learning Teacher Services.

Auto-Graded Courses

These semester-long courses are purely auto-graded and scored by the learning management system. Students receive automatic feedback via the LMS. Auto-Graded Courses are perfect for:

- Flexible learning needs
- Expanding your electives catalog
- Virtual learning options

Credit Recovery

Lincoln Learning Credit Recovery courses provide students the opportunity to recover credits while building their own learning pathways. Students may test out of the content they have mastered and spend more time on the content they need to revisit.
